Company Introduction:

The Egyptian Company for Investment and General Trade Egytic is a leading Egyptian company in establishing all kinds of different sports Stadiums. The company is an exclusive agent of the Turkish company Reform Sport in Egypt, One of the largest companies producing artificial grass and establishing sports stadiums worldwide.

Vision:

To Give a high-quality product at affordable prices and in the least possible time.

Goals:

Gathering all the industry components in one place, the company has all the necessary ingredients to establish medium, small, and massive sports projects through specialization and global partnerships in constructing sports stadiums of all kinds.

The company has a group of skilled technicians who have received the highest degrees of training in both artificial grass and the construction of sports stadiums.

The company takes into consideration everything related to the environment and the preservation of public health through products that have obtained most of the international quality certificates (IOS9001 - ITF - IAAF - FIFA)
